COLLABORATION WORKSHOP

IN-SITU METHODS OF  
GEOTECHNICAL INVESTIGATION

ONLINE MODE

17 August 2024

**Objectives:**

This workshop will introduce you to the principles and practices of in-situ soil investigation. You will learn about the application of In-Situ methods in geotechnical Investigations. You will be introduced to In-situ soil testing case studies. You will learn practical demonstrations and hands-on exercises.

**Topics to Covered :**

- Introduction to Geotechnical Investigations
- In-Situ Testing Techniques
- Practical Demonstration and Hands-On Exercises
- Case Studies and Applications
- Q&A and Wrap-Up

**Benefit for attendee :**

Civil engineers and construction industry specialists will better understand the concepts and procedures of Insitu soil testing.

**Registration Link:**

<https://forms.gle/gv5qR84KCnw3Lr419>

**Experts:**

- **Dr. CR Parthasarathy**  
Founder, Chairman and Managing Director, SGES
- **Dr. Naveen B.P**  
Professor, NITTR, Kolkata

**Participants:**

- Civil Engineers, Geotechnical Engineers, Construction Project managers, Architects, Developers, Govt agencies involved in infrastructure projects

**Registration fee : Rs 2000**

**Important Dates:**

- Registration deadline: 15 Aug 2024
- Notification to Participants: 16 Aug 2024
- Workshop Dates: 17 Aug 2024

**Coordinator:**

**Dr. Naveen B.P**

Professor
