COLLABORATION WORKSHOP

**DEEP FOUNDATION TESTING –
INTEGRITY ASSESSMENT**

18 November 2024

ONLINE MODE

Time:4:00 PM-6:00 PM

Objectives:

This workshop aims to provide advanced insights into geotechnical engineering concepts, with a special emphasis on integrity assessment of deep foundations, a critical area in modern geotechnical practice.

Topics to Covered :

- Advanced Techniques for assessing foundation integrity.
- Practical Applications of integrity assessment in real-world projects PIT, CSL, and TIP.
- Q&A and Wrap-Up

Learning objectives :

- Select an appropriate method of integrity assessment of deep foundations for a particular application.
- Review reports of integrity and dynamic load testing of deep foundations conducted by others.

Registration Link:

<https://forms.gle/8yFj4vP4rgEvYPRYA>

Experts:

- **Dr. CR Parthasarathy**
Founder, Chairman and Managing Director, SGES
- **Dr. Naveen B.P**
Professor, NITTTR, Kolkata

Participants:

- Geotechnical, structural and construction engineers; owners, contractors and other professionals involved in the design, construction and specification of deep foundations.

Registration fee : Rs 500 /-

Important Dates:

- Registration deadline: 16 Nov 2024
- Notification to Participants: 17 Nov 2024
- Workshop Dates: 18 Nov 2024

Coordinator:

Dr. Naveen B.P
